

WILDERNESS FIRST AID FOR FIELD RESEARCHERS

APRIL 20th-21st, 2023
ENVIRONMENTAL SAFETY FACILITY
484 OAK ROAD, STANFORD, CA 94305

Stanford EH&S is sponsoring a Wilderness First Aid certification course for post-docs, faculty, and staff conducting field research.

This comprehensive certification course includes 30-40 hours of self-paced online study and testing that must be completed by March 31 to be eligible for the two-day in person course on April 20-21. ***Due to the nature of this course, no refunds or deferrals are permitted. Please plan accordingly.***
